

Greetings!

Several of you have replied to me and indicated your desire to be recertified or to become certified as a FARM evaluator.

So, the date is set and we are ready for you to get registered!

Even though some of you have indicated that your current certificate doesn't expire until November, this training event will give you the chance to do it locally and have it out of the way.

If this July date does not work for you, please let Frank know and he may be able to work out another solution for you later in the year.

**FARM Evaluator training (New evaluator / Recertification)**

**Dates: July 12-13 (Monday/Tuesday)**

**Time: Monday: 8:30 AM – 6:30 PM**

- Office will open and coffee/donuts provided at 8 AM
- Pizza/salad/cookies provided for lunch at 12 noon (*sponsored by ODPA*)
- Group dinner at Long Horn Steakhouse 7 PM (*sponsored by American Dairy Association Mideast*)

**Tuesday: 8:30 AM until test completion**

**Location: Ohio Holstein Association office conference room**

**1375 Heyl Road, Wooster, Ohio 44691**

Please reply to Frank Hartley at [evalfarm281@gmail.com](mailto:evalfarm281@gmail.com) and get registered for the July training in Wooster. (EVAL Consulting Flyer attached)

Frank will provide instructions on how to log in to the FARM program and complete everything necessary to participate in the training event.

If you have any specific questions about the FARM program training, please contact Frank directly.

ODPA is serving as the FARM program training host and will provide the invoice for your training fees. I will let you know what the fee will be once we have all the registrants entered.

As in past years, it will be a very reasonable fee compared to attending training events hosted out of state!

I look forward to seeing everyone soon! Call me if you want to discuss anything.

Be sure to forward this notice to other people in your company as appropriate.

Thank you!

Scott
